BRIGHTSTONE.ORG
To the BrightStone family,

We know beyond a doubt that we have been and continue to be held by a loving God who walks with us, loves us, and is directing our path. We are so thankful that you – our caring community – continue to encourage us and to offer financial support for our Land of Dreams expansion. As we approach yearend, I am so thankful for these blessings and milestones:

- BrightStone hosted A BRIGHTER FUTURE FOR TENNESSEE gathering on our property where Governor Bill and First Lady Maria Lee; Tennessee Leader of the Senate, Jack Johnson; County Mayor Rogers Anderson; and Franklin Mayor Ken Moore shared heartfelt words of support and confidence in our endeavor to provide lifelong opportunities for individuals with special needs.
- We signed the contracts!! BrightStone contracted with Solomon Builders to complete site work infrastructure and to construct our Center for Learning, Art and Enterprise; and we contracted with DeFatta Custom Homes to build our first two teaching homes – all now underway!!
- God stirred hearts in the community and donors gave us $3,000,000 towards our $7,300,000 construction costs!
- The Stinnett family stepped up with a matching capital donations opportunity through December 2021!

We felt your prayers – and we continue to need them more than ever!

We are moving forward by faith to provide A BRIGHTER FUTURE for Tennessee and the many families and precious souls we will serve at BrightStone. I am excited to share that our Future Planning Teams, made up of Board members, BrightStone staff, and community leaders, have spent many hours developing the Objectives, Strategies, and Tactics with specific timelines to help navigate each step toward our expanded program on the new campus with the goal to: “Start Ready and Start Smart!”

We look forward to completing construction in late 2022! This campus – our Land of Dreams – will allow more students to become the best they can be while having a joyful filled life. From learning a job skill to enjoying social opportunities; from participating in the community to living in one of our teaching homes, our students will have the chance to have “the best life” possible!

Your support enables BrightStone to be a beacon - shining a light on how God works through us all. Right here in Franklin, right here in Williamson County, right here in Tennessee, our Land of Dreams campus will become a model facility and example for other cities and states to follow!

We cannot wait to share our Land of Dreams vision with you!

If you would like to come for a tour or meet with me to discuss our Land of Dreams capital campaign, please email me at brenda.hauk@brightstone.org or call 615-790-4888. You, too, can partner with us in this amazing journey!

WELCOME NEW BOARD DIRECTOR LARRY CRANCH

Larry Cranch recently joined BrightStone’s Board of Directors bringing years of experience as a corporate lawyer.

He is currently the chief legal officer of AllianceBernstein, a large asset management firm which just moved its headquarters from New York City to the top seven floors of the new Fifth and Broadway development in Nashville.

Larry has a 33-year-old daughter, Helen, who has cerebral palsy and has a keen interest in the mission and vision of BrightStone and particularly our Land of Dreams facility, which will provide an integrated, long-term residential and job training and learning program for adults with special needs.

Larry heard about BrightStone from his colleagues at AllianceBernstein after arriving in Nashville and has been participating in BrightStone events and providing support for a number of years.

Larry and his wife Connie have been married for 46 years and have two children, Helen and her brother William.

“[I strongly believe that only through performing meaningful, useful services through a job program like BrightStone can adults with disabilities truly thrive in the long term.”] - Larry Cranch

"Parents spend a great deal of time searching for an environment where their son or daughter can be happy, safe and cared for when they are no longer able to do so.”

There are moments when you realize that the things that you do outside of your regular every-day life are really worth it – and in fact - eternal. This is going to be an example for the country of what can happen, the role that you play in showing the world that we can better a portion of our population that needs us to help them be their best.”

- Governor Bill Lee

In addition to providing whole life care for adults, they also give much-needed support and assistance to the families of these individuals. What I personally feel is even more impactful about BrightStone is that they strive to meet the spiritual needs of the individuals who are engaged here. At BrightStone, love abounds. People are validated for who God created them to be and the abilities He has given them.”

- First Lady Maria Lee

"I want Tennessee to be a leader in this country. This is going to be an example to the country of what can happen. BrightStone is a leader in our state when it comes to caring for adults with special needs.”

"A Brighter Future for Tennessee"
Brenda Hauk invited BrightStone students Alea and Reggie to the stage to present Governor Lee and First Lady Maria a beautiful ceramic platter hand-made by BrightStone students.
